LaToya Cantrell, Mayor Helena N. Moreno, Councilmember at Large Jean Paul Morrell, Councilmember at Large Ex-Officio Ex-Officio

Introduction

Within this document of the Board of Liquidation, City Debt's (the "Board") annual financial report, management provides narrative discussion and analysis of the financial activities of the Board for the year ended December 31, 2023. The Board's financial activities are discussed and analyzed within the context of the accompanying financial statements and disclosures following this document. Additional information is available in the letter of transmittal which precedes the *Management's Discussion and Analysis*. The discussion focuses on the Board's primary government. There are no component units to be reported separately from the primary government.

Background

The Board of Liquidation, City Debt was established by Act No. 133, of the Acts of 1880. By this law, the Board is to provide a detailed report of its receipts and its disbursements. The Board was most recently continued under the Louisiana Revised Statutes Title 33. Accordingly, the Board's financial statements are prescribed by statute and their financial statements are prepared using a Special Purpose Framework, the Modified Cash Basis of accounting. The Modified Cash Basis of accounting is a basis of accounting receipts are recognized when received rather than when earned and disbursements are recognized when disbursed rather than when they are compelled to be disbursed, except for matured and unpaid bonds and coupons, which are reflected as liabilities when the fiduciary funds are compelled to be disbursed.

Fund Accounting

The Board maintains one fiduciary fund to account for its activities, the Custodial Fund. A custodial fund is used to account for assets held for other funds, governments, or individuals. In addition, accounts are organized and maintained by the Board as separate accounting entities for the purpose of attaining objectives in accordance with the various special restrictions, regulations and limitations.

Overview of Financial Statements

Management's Discussion and Analysis introduces the Board's basic financial statements. The basic financial statements are comprised of one fiduciary fund, the Custodial Fund, and include:

- Statement of Assets, Liabilities and Net Position Modified Cash Basis
- Statement of Receipts, Disbursements and Changes in Net Position Modified Cash Basis
- Notes to Financial Statements Modified Cash Basis

The Board also includes in this report additional information to supplement the basic financial statements.

Basic Financial Statements

The Statement of Assets, Liabilities and Net Position - Modified Cash Basis presents the assets and liabilities administered by the Board. Over time, increases and decreases in the balances presented on this financial statement may be useful indicators of whether the financial position of the Board is improving or deteriorating. However, evaluation of the economic health of the Board would extend to other non-financial factors such as the diversification of the taxpayer base in addition to the financial information provided in this report.

The Statement of Receipts, Disbursements, and Changes in Net Position - Modified Cash Basis reports the Board's inflows and outflows of cash and other changes in net position. The purpose of the report is to show the sources and uses of funds administered by the Board.

Notes to Financial Statements

The accompanying Notes to Financial Statements - Modified Cash Basis, provide information essential to a full understanding of the Board's financial statements. The notes to the financial statements begin immediately following the basic financial statements.

Other and Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents certain other and supplemental information. This information follows the notes to the financial statements and includes, but is not limited to, items such as:

- Combining Schedules of Assets, Liabilities and Net Position Modified Cash Basis for all activities administered by the Board
- Combining Schedules of Receipts, Disbursements and Changes in Net Position - Modified Cash Basis for all activities administered by the Board
- Details of bond sales during the year, if applicable
- Details of debt administered by the Board
- Details of ad valorem tax millage available to service bonded debt
- Details of certain disbursements made during the year

Financial Analysis of the Board's Funds

As year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the Board as a whole.

Fiduciary Fund

The following table provides a comparison of the Board's financial balances and activities:

	2023	2022	Changes
Assets	\$176 , 104 , 877	\$257,865,149	\$ (81,760,272)
Liabilities	216,357	216,357	0
Net Position	\$ <u>175,888,520</u>	\$ <u>257,648,792</u>	\$ (81,760,272)
Receipts	\$285,709,537	\$467,821,896	\$(182,112,359)
Disbursements	<u>367,469,809</u>	459,973,620	(92,503,811)
Receipts over			
(under) disbursements	(81,760,272)	7,848,276	(89,608,548)
Other sources (uses)	0	0	0
Change in net position	\$ <u>(81,760,272)</u>	\$ 7,848,276	\$ (89,608,548)

Assets consist of cash, money market accounts, and U.S. treasury bills.

The recorded liabilities consist of the matured and unpaid coupons and bonds.

Net position is restricted for debt service, reserve funds and for other governments. The amounts restricted for debt service is \$51,571,945. The amounts restricted for reserve funds are \$48,980,127. The amounts restricted for other governments are \$75,336,448. The debt service funds are restricted for future debt service payments and were included in calculating the millage necessary to service the General Obligation Debt for 2023. The 2023 millage levy is 19.5 mills, the same as 2022.

Receipts consist of ad valorem taxes, special taxing district fees, debt service funds, etc.

Disbursements include principal and interest on bonded debt and the tax credit bond loan, cost of escrow for refunding bonds, warrants paid, and administrative costs of the Board: personnel services, contractual services, office expenses, and cost of issuance.

Financial Highlights:

- Current year receipts include:
 - Ad valorem tax receipts of \$ \$179,723,447 represent approximately
 63% of total receipts
 - o Bond proceeds of \$6,272,569 represent approximately 2% of total receipts
 - o Debt service funds of \$86,151,080 receive from other government and escrow accounts represent approximately 30% of total receipts
 - o Interest on investments of \$11,684,828 represent approximately 4% of total receipts

- Other receipts included: special taxing district fees of \$680,776, State of Louisiana revenue sharing of \$580,768 and excess reserve and debt service funds of \$616,069. These other receipts represent approximately 1% of total receipts
- Current year disbursements include:
 - o Debt service payments of principal, interest and administrative fees totaling \$171,246,881 represent approximately 47% of total disbursements
 - Warrants disbursed to other governments of \$195,362,794 represent approximately 53% of total disbursements
 - Other disbursements included: Cost of issuance of \$212,522, Personnel services of \$520,686, contractual services of \$95,211, and office expenses of \$24,633. These other disbursements represent approximately less than 1% of total disbursements

Bond Ratings

Bond ratings for the General Obligation Bonds of the City of New Orleans at December 31, 2023 were Standard and Poor's Rating A+; Fitch Ratings A; and Moody's Rating Service A2.

Long-term Debt Administration

The Board's financial statements are prepared on the modified cash basis of accounting and do not include the debt that they administer. This debt administration significantly affects the availability of resources for future use.

Refer to note H for the bond sales during the fiscal year ending December 31, 2023.

At the end of the year, the Board administers total bonded debt outstanding of \$573,170,000 in General Obligation Bonds. The General Obligation Bonds are backed and fully funded with an unlimited ad valorem tax levy through the Board's statutory authority. Other custodial long-term debt is supported by voter approved special tax millages and revenues generated through the custodial agencies. Debt service is collected from these custodial special taxes to pay debt service on special tax bonds. Debt service on the Revenue Bonds is supported by revenues remitted to the Board on a monthly basis by the Sewerage & Water Board of New Orleans.

Outstanding debts administered by the Board at December 31, 2023 and 2022 are as follows:

	2023	2022
City of New Orleans:		
General Obligation Bonds	\$ <u>573,170,000</u>	\$ <u>615,960,000</u>
Sewerage & Water Board of New Orleans:		
Drainage System Special Tax Bonds	36,690,000	45,000,000
Sewerage Service Revenue Bonds	533,060,000	544,455,000
Louisiana Department of Environmental		
Quality Revolving Loan	17,078,971	22,553,688
Water Revenue Bonds	209,165,000	216,065,000
	795,993,971	828,073,688
Audubon Commission:		
Audubon Commission Bonds	41,120,000	42,155,000
Downtown Development District:		
Downtown Development District Bonds	5,515,000	6,085,000
Sewerage & Water Board of New Orleans:		
Tax Credit Bond Loan	31,331,362	34,368,540
	\$ <u>1,447,130,333</u>	\$ <u>1,526,642,228</u>

Contacting the Board's Financial Management

This financial report is designed to provide a general overview of the Board's finances, compliance with finance-related laws and regulations, and demonstrate the Board's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact the Board at: Board of Liquidation, City Debt, 1300 Perdido Street, Room 8E17, New Orleans, Louisiana 70112 or visit the Board of Liquidation's website at www.bolcd.com.

INDEPENDENT AUDITOR'S REPORT

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

Opinion

We have audited the accompanying the financial statements of the fiduciary activities of the Board of Liquidation, City Debt (a blended component unit of the City of New Orleans), which comprise the Statement of Assets, Liabilities and Net Position–Modified Cash Basis as of December 31, 2023 and the related Statement of Receipts, Disbursements and Changes in Net Position–Modified Cash Basis for the year then ended, and the related Notes to Financial Statements–Modified Cash Basis, which collectively comprise the basic financial statements for the Board of Liquidation, City Debt.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net position of the fiduciary activities of the Board of Liquidation, City Debt as of December 31, 2023, and the receipts, disbursements and changes in net position for the year then ended in accordance with the modified cash basis of accounting as described in Note B.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board of Liquidation, City Debt and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board of Liquidation, City Debt's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board of Liquidation, City Debt's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board of Liquidation, City Debt's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5–9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Board of Liquidation, City Debt's basic financial statements. The supplemental information section on pages 26-46, is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information section on pages 26-46 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 16, 2024 on our consideration of the Board of Liquidation, City Debt's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the effectiveness of the Board of Liquidation, City Debt's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board of Liquidation, City Debt's internal control over financial reporting and compliance.

A. General Information

The Board of Liquidation, City Debt (Board) is a blended component unit of the City of New Orleans (City). The Board has exclusive control and direction of all matters relating to the bonded debt of the City. Accordingly, all of the City's general obligation bonds and the limited tax bonds issued for the Sewerage & Water Board of New Orleans (S&WB), the Downtown Development District of New Orleans (DDD), and the Audubon Commission of New Orleans (AC) are sold by and through the Board. No bonds may be sold without approval of the Board. All property taxes levied by the City and dedicated to the payment of outstanding general obligations are collected by the City and, as required by law, paid over to the Board, day by day as collected. Such tax revenues are invested in fully secured money market accounts, certificates of deposit, and/or full faith and credit obligations of the U.S. Government until applied by the Board to the payment of principal and interest on outstanding bonds.

The Board annually determines the amount of Ad Valorem Tax millage necessary to be levied and collected by the City in the next fiscal year for the payment during such year of principal and interest on all outstanding general obligation bonds of the City and all such general obligation bonds proposed to be issued by the City in such year. This determination is based upon an analysis by the Board of the current and anticipated assessed value of taxable property in the City and current and anticipated cash reserves held by the Board. The assessed value of property in the City for each year is determined by the Orleans Parish Assessor and certified by the Louisiana Tax Commission as complying with the Louisiana Constitution of 1974. The annual determination of the necessary tax millage to service bonds of the City is adopted by resolution of the Board that is submitted to the City Council. The millage recommended by the Board is then levied by the City Council.

No general obligation bonds, special tax bonds, or revenue bonds of the agencies mentioned above may be issued by the City without the approval of the Board and the City Council.

The Board requires as a condition of such approval that:

- the reasonably anticipated property tax revenues of the City be adequate to service the proposed bond issue and all outstanding bonds of the City and to maintain reasonable reserves,
- the proposed bond issue complies with any applicable legal debt limitation, and
- the purposes for which the bonds are sold be capital in nature.

All new general obligation bond issuance must be approved by a majority of the voters in the City. Act 1 of 1994 by the Louisiana Legislature establishes the legal debt limit for the City. Act 4 of 1916, as amended, by the Louisiana Legislature and Article VI, Section

33 of the Louisiana Constitution of 1974 provides that the full faith and credit of the City are pledged for its general obligation bonds and the City is authorized to levy taxes upon all taxable property in the City without limitation of rate or amount sufficient to pay the principal and interest on such bonds as they mature.

The Board issues bonds for the S&WB, the DDD, and the AC. Issued in the name of the City, these bonds are funded by the dedicated millage or water and sewer rates. The S&WB, the City Council, and the Board must approve the water and sewerage service rates necessary to fund any bonds. Ad Valorem Tax millage necessary to service special tax bonds is set by statute and levied by the City Council each year. Ad Valorem Tax millage necessary to service the general obligation bonded debt each year is determined by the Board and is levied by the City Council annually.

In addition, the Board also serves in a custodial capacity for the accounts of the:

- Sewerage & Water Board,
- Downtown Development District,
- Audubon Commission,
- Lake Forest Estates Improvement District (Lake Forest),
- Garden District Security Tax District (Garden District),
- Spring Lake Improvement District (Spring Lake),
- Lake Barrington Subdivision Improvement District (Lake Barrington),
- Lake Bullard Neighborhood Improvement District (Lake Bullard),
- Lake Carmel Subdivision Improvement District (Lake Carmel),
- Lake Oaks Subdivision Improvement District (Lake Oaks),
- Huntington Park Subdivision Improvement District (Huntington Park),
- McKendall Estates Neighborhood Improvement District (McKendall Estates),
- Upper Hurstville Security District (Upper Hurstville),
- Touro-Bouligny Security District (Touro-Bouligny),
- Kingswood Subdivision Improvement District (Kingswood), and
- Twinbrook Security District (Twinbrook).

Funds collected for these other governments are deposited in special accounts or invested in money market accounts, certificates of deposit, and/or full faith and credit obligations of the U.S. Government. The Board pays any expenditure made from these accounts as authorized by warrants and supporting resolutions of the various agencies.

B. Summary of Significant Accounting Policies

Fund Accounting

The Board maintains one fiduciary fund to account for its activities, the Custodial Fund. A custodial fund is used to account for assets held for other funds, governments, or individuals. In addition, the Accounts are organized and maintained by the Board as separate accounting entities for the purpose of attaining objectives in accordance with the various special restrictions, regulations, and limitations. Interfund eliminations have been made in the aggregation of this data.

Basis of Accounting

The Board of Liquidation, City Debt was established by Act No. 133, of the Acts of 1880. By this law, the Board is to provide a detailed report of its receipts and its disbursements. The Board was most recently continued under the Louisiana Revised Statutes Title 33. Accordingly, the Board's financial statements are prescribed by statute and their financial statements are prepared using a Special Purpose Framework, the Modified Cash Basis of accounting. The Modified Cash Basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Modified Cash Basis of accounting receipts are recognized when received rather than when earned and disbursements are recognized when disbursed rather than when they are compelled to be disbursed, except for matured and unpaid bonds and coupons which are reflected as liabilities when the fiduciary funds are compelled to be disbursed. Also, U.S. Treasury Bills are reflected at cost not at fair value.

Net Position

Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Net position for debt service is restricted by enabling legislation and is comprised of reserve funds, debt service funds, and amounts held for other governments. Reserve funds are restricted to pay debt service if pledged revenues are insufficient to satisfy the debt service requirements. Reserve fund requirements are stated in each government bond resolution. Debt service funds are restricted for the payment of debt service requirements. Issuers are required to make monthly deposits to assure the timely availability of sufficient funds for the payment of debt service requirements.

Estimates

The Board uses estimates and assumptions in preparing the financial statements that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure the Board's deposits may not be returned. The Board's bank balance consists of cash and money market accounts. As of December 31, 2023, the total bank balance was covered by Federal Deposit Insurance or by collateral held by a third party in the Board's name as follows:

		Money	
		Market	
	Cash	Accounts	Total
Insured	\$ 705,866	\$0	\$ 705,866
Collateralized	2,287,693	27,601,071	29,888,764
Total bank balance	\$ <mark>2,993,559</mark>	\$27,601,071	\$30,594,630

D. U.S. Treasury Bills

U.S. Treasury Bills are presented at cost. The contractual maturities are between 91 to 182 days.

E. Net Position

Net Position consists of balances restricted for debt service and balances held for other governments.

Balances in net position restricted for debt service are:

	General Obligation	Sewerage and Water Board	Downtown Develop- ment District	Audubon Commission	Total
Reserve funds Debt	\$35,675,639	\$13,073,458	\$231 , 030	\$0	\$48,980,127

Kingswood	18,246
Twinbrook	36,900
	2,551,350
Total	\$75,336,448

F. Compensated Absences

All present employees of the Board are permitted to accumulate annual and sick leave. Upon termination of employment, an employee is paid for their accumulated annual leave based on their current hourly rate of pay, and for their accumulated sick leave on a formula basis. If termination is the result of retirement, the employee has the option of converting their accrued sick leave to additional years of service.

As described in Note B, the Board's financial statements are prepared on the modified cash basis of accounting; accordingly, the Board's liability for annual and sick leave is not reflected in the accompanying financial statements.

G. Pension Plan

Employees of the Board are covered under the Employees' Retirement System of the City of New Orleans, a cost-sharing multi-employer defined benefit pension plan (Plan). The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. This report may be obtained by writing the Plan at:

City of New Orleans

Employees' Retirement System of the City of New Orleans 1300 Perdido Street, Suite 1E12 New Orleans, Louisiana 70112

Normal Retirement Benefit: Average Annual	<pre>2.5% of average compensation times creditable service Average annual compensation for the highest consecutive 60-month period. Compensation for</pre>

If a member dies after retirement and before receiving the amount of the member's accumulated contributions in annuity payments, then the lump-sum balance of the member's contributions is paid to the member's beneficiary.

Disability benefits

Ordinary disability retirement benefits are awarded to active members with ten or more years of creditable service if a physician nominated by the board of trustees certifies that the member is mentally or physically totally incapacitated and that such is likely to be permanent.

The member receives a service retirement allowance, if eligible; otherwise, the member will receive a disability retirement allowance which will consist of:

- 1. An annuity which is the actuarial equivalent of the employee's accumulated contributions; and
- 2. An annual pension, which, together with (1), equals 75% of service allowance that would have been payable at age sixty-five, had a member continued in service to age sixty-five, computed on the average compensation.

Accidental disability retirement benefits are awarded to members whom the board of trustees finds has been totally and permanently incapacitated as a result of an accident sustained in service as a member and occurring while in performance of duty if a physician nominated by the board certifies that the member is mentally or physically totally incapacitated and that such is likely to be permanent.

The member receives a service retirement allowance, if eligible; otherwise, the member will receive an accidental disability retirement allowance which will consist of:

- 1. An annuity which is the actuarial equivalent of the employee's accumulated contributions; and
- 2. An annual pension equal to the difference between his annuity and 65% of earnable compensation for the year preceding the date of the accident.

Medical examinations are required every three years for those disability retirees under age sixty. Accidental disability benefits are offset by Workmen's Compensation payments, if any.

Survivor benefits

Upon the death of a member during active service, the member's accumulated plan contributions are paid to the member's beneficiary. In addition, if a member has three years of creditable service, an additional lump sum benefit equal to 25% of the member's preceding year's base earnings plus 5% of earnings for each additional year of creditable service (benefit not to exceed compensation *made before* death) is paid. Also, if at the date of death, the member was eligible for retirement and leaves a surviving spouse, the surviving spouse shall *be* eligible to elect either Option 2 or lump sum refund of employee's contributions. If, at date of death, the member was ineligible for retirement, but was at least fifty-five years of age and had ten or *more* years of creditable service or was under age fifty-five and had at least twenty years of creditable service, then the surviving spouse may elect to receive benefits equal to an actuarially reduced amount based upon the members' age and years of

creditable service. The benefit will cease when the surviving spouse reaches age of eligibility for Social Security. Any death benefit will be offset by Worker's Compensation benefits.

Optional forms of benefits

- 1. If a member dies before receiving, in annuity payments, the value of his annuity at the time of his retirement, then the balance is payable to his beneficiary.
- 2. 100% survivor's benefits reduced retirement benefit continued to the beneficiary at the member's death. If the spouse predeceases the retiree, the benefit reverts back to the maximum amount.
- 3. 50% survivor's benefits 50% of reduced retirement benefit continued to the beneficiary at the member's death. If the spouse predeceases the retiree, the benefit reverts to the maximum amount.
- 4. Other benefits of equal actuarial value may be available upon approval of the board of trustees.

Withdrawal from Service

Upon withdrawal from service, members are entitled to:

- 1. Effective January 1, 2002, a member who separates with five years of creditable service may allow his accumulated contributions to remain on deposit and service retirement allowance to begin as early as age sixty-five.
- 2. Prior to January 1, 2002, a member who separated with ten years of creditable service may allow accumulated contributions to remain on deposit and service retirement allowance to begin as early as age sixty (subject to reduction if retirement is elected before age sixty-two). If death occurs before retirement, accumulated contributions are returned with interest.
- 3. Upon withdrawal without five years of creditable service, the member is entitled to the return of accumulated contributions with interest or may allow contributions to remain on deposit for maximum of five years. In the case of employee's death, then accumulated contribution plus interest are paid to the member's beneficiary.
- 4. If a member re-enters after receipt of refund and continues service thereafter for at least six months, the member may repay the amount of refund plus the amount of employer contributions, with compound interest, to receive prior creditable service again.

Deferred Retirement Option Plan (DROP)

In lieu of receiving a service retirement allowance, any member of the Retirement System who has more than sufficient service for a regular service retirement may elect to participate in the DROP program. However, members who commenced employment after January 1, 2018 and members with less than ten years of service as of January 1,

2018 cannot exceed three years. Other members may participate for up to five years. Effective the date of participation in DROP, the member stops contributing to and earning benefits in the system; employer contributions also end, and the retirement benefit begins being paid into the member's DROP account.

Interest is earned on the DROP account at an annual rate set by the board of trustees. Members of the DROP receive cost of living increases, as they would have received as a retiree. Upon termination of employment at the end of the specified period of DROP participation, the DROP account is paid out. After the DROP period ends and upon continued or re-employment, the member may resume contributions and earn a supplemental benefit based on current covered compensation. If at the end of DROP participation, the member does not terminate employment, payments in DROP shall cease and no further interest shall be earned or credited to the account. Payments shall not be made until employment is terminated.

Cost of Living Adjustments

Cost of living provisions for the Retirement System allows the board of trustees to provide an annual cost of living increase. The board of trustees retains trust earnings or gains in excess of an average 3.5% to provide cost of living increases in benefits to retirees (past or future) not to exceed 3% of the initial benefit per each year of retirement, provided that the Retirement System's funded ratio is at least 95%. Such benefit shall be awarded and paid only when funds are available from this source as determined by the board of trustees.

Contributions (Employer)

Contribution requirements for all employers are determined on the basis of regular interest and mortality tables adopted by the board of trustees, and additional percentage of earnable compensation, known as "Accrued Liability Contributions", determined by an actuary on basis of the amortization period adopted by the board of trustees. The Board was required to contribute 17.18% from January 1, 2023 through December 31, 2023 of annual covered payroll. Employees are required to contribute 6% of their annual pay. The Retirement System does not receive non-employer contributions. During the year, the Board's contribution to the Plan was \$44,695. These disbursements are included in 'Personnel Services' in the accompanying financial statements.

As described in Note B, the Board's financial statements are prepared on the modified cash basis of accounting; accordingly, the Board's pension related assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with any net pension liabilities are not reflected in the accompanying financial statements.

H. Bond Sales

The bond sales during the year ending December 31, 2023, are as follows:

\$31,525,000 Sewerage Service Revenue Bonds - LA Department of Environmental Quality (DEQ), Series 2023, at 0.95% interest rate, maturing June 1, 2044, and delivered December 20, 2023. Proceeds received were \$162,449.

I. <u>Subsequent Events</u>

Subsequent events have been evaluated through April 16, 2024, which is the date the financial statements were available to be issued.

BOARD OF LIQUIDATION, CITY DEBT NOTES TO SCHEDULE OF DEBT ADMINISTERED BY BOARD OF LIQUIDATION, CITY DEBT DECEMBER 31, 2023 (Unaudited)

- A. Amount Outstanding Amount excludes balances recorded as liabilites in the Combining Schedule of Assets, Liabilities and Net Position Modified Cash Basis.
- B. Taxable Public Improvement Bonds, Issues of 2014A Portions of this series were refunded in 2022. The debt service is managed by escrow agreements.
- C. On June 18, 2014, as a result of the issuance of Sewerage Service Revenue and Refunding Bonds, Series 2014, the LADEQ Sewerage Service Subordinate Revenue Bonds, Series 2011, were elevated to parity status.
- D. The Sewerage and Water Board of New Orleans renegotiated and amended the Tax Credit Loan between the SWBNO and Louisiana Office of Community Development Division of Administration (LADOA)on July 11, 2019. The SWBNO entered into the Cooperative Endeavor Agreement (CEA) with the LADOA on July 19, 2006. This CEA was amended to extend the final debt service payment to January 15, 2031, and reduce the total debt service due from July 15, 2020, to January 15, 2025, by 50%. The debt service payments from July 15, 2025, through July 15, 2026, were not amended. The debt service payments from January 15, 2027, through January 15, 2031, each will total \$1,985,479.18, under the amended CEA.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the fiduciary activities of the Board of Liquidation, City Debt (a blended component unit of the City of New Orleans), which comprise the Statement of Assets, Liabilities and Net Position–Modified Cash Basis as of December 31, 2023 and the related Statement of Receipts, Disbursements and Changes in Net Position–Modified Cash Basis for the year then ended, and the related Notes to Financial Statements–Modified Cash Basis, which collectively comprise the Board of Liquidation, City Debt's basic financial statements, and have issued our report thereon dated April 16, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board of Liquidation, City Debt's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board of Liquidation, City Debt's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board of Liquidation, City Debt's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *signification deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be

President and Members Board of Liquidation, City Debt New Orleans, Louisiana

material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board of Liquidation, City Debt's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
